PS JOSH'S STORY

When I started my journey with CMC studying my Bachelor of Ministry I had no idea what an amazing adventure it would take me on. I already knew God had called me to ministry and already knew that I loved to serve God and people. But what I didn't know was how little I actually knew and how important being equipped for ministry actually was.

One of the best outcomes of my course was being carried into a learning environment which enabled me to wrestle with the big questions about God, Church and ministry.

This learning environment was a carefully constructed combination of great course content and real-life ministry. Support from accessible lectures willing to journey with me expedited my learning and understanding. Because of this, I found myself over time and throughout my degree forming well-informed convictions

around ministry practice and church life that were both academically informed as well as practically experienced.

I discovered that the hidden curriculum in the course is that you graduate not only with a qualification but with a transformation.

Before my degree I had served many years in volunteer ministry leadership roles but after I gave God those years of study I was blessed and equipped to become a Location Pastor with Citipointe Church ready and able to serve our Senior Leaders. Fast forward 3 years and I now have the privilege of serving my own church along with my wife and four kids as Senior Pastor of Kingdom Hope.

Without doubt, it is my time at CMC that prepared me to step into what I am doing now and transformed me into the disciple I am today.

OUR TEACHING TEAM

Our faculty and guest presenters are not just lecturers with great academic qualifications.

They are practitioners with a track record of proven ministry success.

We call them “pracademics.” They bring passion and a wealth of ministry experience to ensure that you graduate with more than an academic award.

You will leave with a vision for the future and an impartation of faith and Spirit-life.

“We learn best in community, and the CMC learning community is strong, encouraging, and focused on what matters most...”

We are invited to go on a journey of being renewed. It’s a journey where we learn to know about God, and become like Jesus... Teaching at CMC is one of the great joys of my life.”
